March 20th OEd Water Skiing Paynesville

Flagstaff Campus Dates to Remember
April 15th Parent Teacher Interviews

Sleep and School-aged Children
Given the fact that time together for so many households starts at around 6 or 7 o'clock or even later in the evening on a school night, it can be tough to set an early bedtime. And since experts say school-age children roughly need about ten hours of sleep -- which means they need to go to bed around 8 or 9 o'clock -- that doesn’t leave much time for anything besides dinner, homework and reading one short book chapter together. But it can be particularly important for school students to get enough shut-eye.

Try this tip to help your child sleep well
• Keep their room comfortable for sleeping. Bedrooms that are quiet, dark and cool are optimal for a good night’s rest.

Lake Tyres Trip
Staff at Flagstaff Campus would like to thank the students for being cooperative and enjoyable to take on such an excursion. Also we would like to thank all the parent helpers who came along for the day.

Donations
Thank you to all families who have sent in bits and pieces for student to use during their Integrated Studies and Applied Learning sessions.

Mini Golf at Lakes
We have some passes for a free game of mini golf in Lakes Entrance. These are valid until March 27th. If your family will be in Lakes and you would like to use one of these passes, please see Ms Canfield or Ms Napthine. Limited number available.
Over the week students will be taking part in activities during home groups, class and assemblies to raise awareness of strategies to reduce Bullying. Swifts Creek school has registered to be part of the 5th National the Taking a Stand against Bullying and Violence campaign. This annual day provides a focus for all schools to say Bullying. No Way! and to strengthen their existing everyday messages that bullying and violence at school are not okay at any time.
